LEGAL NOTICE

Notice is herewith given in accordance with the provisions of Section 3.2.3A of the Zoning Bylaws that there has been filed by **400-402 Mass Avenue LLC** of Arlington, Massachusetts on April 25, 2020 a petition seeking permission to amend the Zoning Board of Appeals Special Permit from April 9, 1980 (**Docket # 2306**) at that property **400-402 Massachusetts Avenue - Block Plan 010.0-0002-0003.A**

See ZBA website for details.

Hearing in regard to the said petition will be remotely conducted via "Zoom" **Tuesday evening June 23, 2020 at 7:30 P.M or as soon thereafter as the petitioner may be heard. Please visit the Town of Arlington website for hearing information.**

DOCKET NO 3624

Zoning Board of Appeals
Christian Klein, RA, Chair

Robert Annese

From: Erin Zwirko <EZwirko@town.arlington.ma.us>
Sent: Tuesday, December 17, 2019 10:45 AM
To: Jenny Raitt; Robert Annese
Subject: Re: 400-402 Mass Ave

Hi Bob,

A five-unit residential building is prohibited in the B1 district. Even if the number of residential units was reduced to 3, which would be allowed, the lot size cannot accommodate the minimum lot area per unit (2,500 sf). Based on our review, the building would need to stay mixed-use, but could be just one office and 4 residential units. It cannot be entirely residential.

If the building remains mixed-use, the concerns relative to parking can likely be handled with the TDM reductions allowed and/or the other reductions available in the Zoning Bylaw. Additionally, if the building remains mixed-use, the usable open space does not become an issue assuming that the proposal does not make it any less non-conforming that it is today.

Let us know if you have any questions.

Thanks,
Erin

Hello Jenny and Erin:

400-402 MASS Ave 400 MASS. Ave
Docket # 2306 C.L.
JO

COMMONWEALTH OF MASSACHUSETTS

Middlesex, SS

ZONING BOARD OF APPEALS

ARLINGTON, MASSACHUSETTS

In the Matter of

Frank Pacuito

Petitioner

)
Docket No. 2306

REQUEST FOR PERMIT

Hearing : MAY 25 1980

Decision: APR 9 1980

OPINION OF THE BOARD

Members Present:

F. Leo Fitzpatrick
Harold C. Knight
Robert Welch

OPINION OF THE BOARD

This is an application by Frank Pacuito of Winchester for Special Permit pursuant to Section 5.04 (Use Regulations) Section 8.11 (Municipal Parking Lots) and Section 8.12 (Parking and Loading Space Standards) of the Zoning By-Law for the Town of Arlington. Hearing was held on March 25, 1980 after statutory notice. No one opposed the application. Mr. Pacuito was represented by Atty. Richard Keshian of Arlington.

The Department of Planning & Community Development recommended granting Special Permits.

FINDINGS OF FACT

1. The applicant owns the property located at 400-402 Massachusetts Avenue, Arlington which lies within the B1 Zoning District.
2. Building on the property was damaged by fire in 1978 and applicant plans to renovate for combined office and apartment use.
3. Building will when renovated consist of two-one bedroom apartments on the second floor, two professional offices on the first floor and one professional office in a portion of the basement.

The building has been an eyesore and a blight on the Town for several years since damaged by fire and has become a veritable dumping ground for various types of debris.

The Board feels that conditions for granting a Special Permit have been established by the petition.

DECISION

Accordingly, the Board unanimously votes to grant the Special Permit with certain conditions.

1. No more than two apartments are developed on the site.
2. At least one on-site parking space per dwelling unit is set aside for apartment tenants.
3. Entrance to basement office be from front of building with open stairway leading down from front inside entrance and clearly marked as to how to enter basement office.
4. All basement offices must have outside lighting and mechanical ventilation.

The Board hereby makes a detailed record of all its proceedings relative to this petition; sets forth the reasons for its decisions and its findings; directs that this record be filed in the Office of the Town Clerk and shall be a public record and that notice of this decision be made forthwith to each party in interest.

REQUEST FOR SPECIAL PERMIT
TOWN OF ARLINGTON

In the matter of the Application of **400-402 Mass Avenue, LLC** to the Zoning Board of Appeals for the Town of Arlington:

Application for a Special Permit is herewith made, in accordance with Section 10.11 of the Zoning Bylaw for the Town of Arlington, seeking relief from the following specific provisions of the Zoning Bylaw, and as described fully in the attached form, Special Permit Criteria:

Petitioner requests that it be allowed to amend the Special Permit issued by the Zoning Board of Appeals on April 9, 1980, Docket #2306 with respect to the property located at 400-402 Massachusetts Avenue, Arlington which granted a Special Permit to Petitioner following a fire that occurred in 1978 and with respect to Petitioner's plans to renovate the building for combined office and apartment use.

The Decision of the Zoning Board of Appeals in 1980 provided that there be no more than two apartments developed on the site, that there be at least one onsite parking space per dwelling unit to be set aside for apartment tenants and that the entrance to the basement space be from the front of the building with an open stairway leading down from the inside entrance and clearly marked has to how to enter the basement office. All basement offices were to have outside lighting and a canopy for ventilation.

Petitioner now seeks to amend that Special Permit with respect to the Decision limiting the property to two residential apartments and one office use by allowing four residential units and one office unit at the property all in accordance with Petitioner's plans submitted with this Petition.

The Petitioner/Applicant states that it is the owner of the property in Arlington located at **400-402 Massachusetts Avenue** with respect to such relief is sought; that no unfavorable action has been taken by the Zoning Board of Appeals or its predecessors upon a similar petition regarding this property within the two (2) years next immediately prior to the filing hereof. The applicant expressly agrees to full compliance with any and all conditions and qualifications imposed upon this permission, whether by the Zoning Bylaw or by the Zoning Board of Appeals, should the same be granted. The Applicant represents that the grounds for the relief sought are as follows:

The property is located in a B1 Zone and since the date of the prior Special Permit Decision in 1980 the Zoning Bylaw has been amended with a mixed use component so that a mixed use development of the site is now allowed.

Petitioner's building plans are consistent with the intent and purpose of the Amended Zoning Bylaw with respect to a mixed use development at the property with its request for the use of the property to allow four residential units and one office unit. Petitioner states that its plans indicate that the proposed use of the property will be consistent with other property uses in the neighborhood of the property.

Special Permit Criteria- The following standards must be addressed and met for the grant of a Special Permit:

1.) Indicate where the use requested is listed in the Table of Use Regulations as a Special Permit in the district for which the application is made or is so designated elsewhere in the Arlington Zoning Bylaw.

The use is authorized in accordance with Section 5-26 Districts and Uses contained in the Zoning Bylaw as a mixed use development.

2.) Describe how the requested use is essential or desirable to the public convenience or welfare.

The conversion of the property to four residential units and one commercial unit will offer more residential living space for individuals particularly so since there is a concerted effort at both the state and the local levels to achieve that result, therefore the conversion of the property as requested would be desirable to the public convenience and welfare.

3.) Describe how the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.

The suggested use will not create undue traffic congestion or unduly impair pedestrian safety as occupants of the residential units will leave the building during the course of the day for their places of employment and there should be no significant impact on traffic to and from the property if the conversion is allowed.

4.) Describe how the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.

The requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subject to hazards affecting health, safety or the general welfare.

5.) Describe how any special regulations for the use, set forth in Article 11, are fulfilled.

Any special regulations for the use set forth in Article 11 will be fulfilled if the Petition is allowed.

6) Describe how the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health, morals, or welfare.

Once again the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health, morals or welfare of the inhabitants of the Town and in addition Section 5.5.1 further subsection A fits within the description of the definition of a B1 Business District contained in the Bylaw as follows: "B1: Neighborhood Office District. In the Neighborhood Office District, the predominant uses include one- and two-family dwellings, houses with offices on the ground floor, or office structures which are in keeping with the scale of adjacent houses. Primarily located on or adjacent to Massachusetts Avenue, this district is intended to encourage preservation of small-scale structures to provide contrast and set off the higher-density, more active areas along the Avenue. Mixed-use buildings without retail space are allowed in this district. The Town discourages uses that would detract from the desired low level of activity, consume

large amounts of land, or otherwise interfere with the intent of this Bylaw.

7.) Describe how the requested use will not, by its addition to a neighborhood, cause an excess of that particular use that could be detrimental to the character of said neighborhood.

The requested use by its addition to the neighborhood will not cause an excess of that particular use that could be detrimental to the character of the neighborhood. The property will continue to be used partially for residential and partially for commercial purposes as historically has been the case.
